ENGAGING GRACE

COMPETING VIEWS OF GOD'S GRACE AND WHY GETTING IT RIGHT IS SO IMPORTANT

How does a Biblical understanding of God's grace impact who you are, how you think, how you talk, how you engage with others around you, and how you prioritize?

Is there a distinctively Biblical understanding of grace? There are different perspectives about what grace really means, and therefore different perspectives about how grace impacts our lives.

The Engaging Grace Conference considers competing views, focuses on resolving the differences with a Biblical approach, and encourages us to engage grace in our everyday lives, interactions, and ministries.

| | |
|-------------|---|
